2023-2024 MGA Reflections & Vision

Bronwyn Keefe, PhD, MSW, MPH

President, Massachusetts Gerontology Association

2023-2024 MGA Reflections & Vision

Some Reflections from the past year:

- We conducted a membership survey and heard from our members that networking and connecting with others in the field is important to them
 - As such, we plan to hold two events a year – one virtual and one in-person
 - The in-person meeting will be in March and connected to Careers in Aging Month
- We expanded our board membership
- We revised our website
- We continue to amplify our work on social media through Linked In and Twitter
- We continue to look for opportunities to expand our membership

Some areas for the future are:

- Expand the Role of MGA as a leader in the field of aging in Massachusetts
- Careers in Aging continue to be our focus by enhancing the pipeline and creating pathways
- Increase partnerships with traditional and non-traditional aging-related organizations
- Focus on partnerships with community colleges to help us to achieve these goals
- Provide CE opportunities
